WHO WE ARE AND WHAT WE DO

Eastside Community Trust is a community focused charity which provides people of all ages with places and ways to connect. We are passionate about our community and helping local people build a healthy and happy neighbourhood.

We believe that our neighbourhood is a great place to live filled with creative, resilient, unconventional and community-minded people. It is diverse and dynamic with many residents who care for one another and the local area.

Our mission is to ensure that in our neighbourhood;

- Children have the freedom to play, be healthy and be part of the local community.
- Communities are informed, empowered and connected.
- There are inclusive, sustainable projects and places which improve people's wellbeing.

We are proud of our culture, and we try our best to ensure our values of collaboration, kindness, honesty, integrity, inclusion and playfulness are felt throughout. We have an asset-based approach to working with others and we are both service providers and supporters of mutual aid between neighbours.

As a place-based organisation we work with all those who have a stake in our place. This includes residents, the public sector, the private sector and our colleagues in the voluntary community sector.
